Awesome Waterfront in the Annex

<

A beautifully appointed Gulf front Condo in the heart of Truman Annex. Mills place features a walkway flanked by Royal Palms. Mills place was the old military Hospital building. In the mid 80's it was purchased by a developer who renovated the entire property in keeping with the existing architecture. There are six units in the main Hospital building. Apt 401 F is 1501 sq feet and is located on the 3rd and 4th floor(top) and is afforded unobstructed views of the Gulf of Mexico and the "Mole" . In the harbor known as the "mole" you may find ships belonging to Navies from all over the world. Truman Annex is just 2 blocks from Famous Duval Street so it is very accessible but at the same time you are able to enjoy the tranquility and peace of the Truman Annex which is an exclusive gated community. The Condo is lovely and your home away from home. No attention to detail has been spared. High ceilings throughout. The Master Suite on the top floor features a queen size bed, there is access to a private patio with incredible views. The master bath has both a tub and walk in shower. This property is only suitable for 4 GUESTS. The guest bedroom downstairs has views of the front of the annex and 2 comfortable twin beds. There is also a full bathroom on this floor with a walk in shower. The living room faces the gulf and has access to another private balcony where you can enjoy your morning coffee and watch the boats go by. You have one assigned parking space with the Property and a shared heated pool for the complex. The pool is open from sunrise to sunset. The Owners of the unit live right next door. They love Mills Place and hope you will too.
